Designed by A.T. Brongniart in 1804 to replace unsanitary parish cemeteries, this landscaped funeral park is the largest green space in Paris. An important site of memories, it has 70,000 graves, the Communard's Wall, monuments to concentration camp deportees and veterans. A pioneer in the development of funerary practices, the cemetery includes the first crematorium (1887), columbarium (1889) and funeral garden in France (1985).
